

Academic Affairs Kualiti Build CoP

A Community of Kualiti Build Users to Connect, Collaborate and Create

Welcome

About

Academic Affairs Kualii Build Community of Practice

"A community of Kualii Build users to connect, collaborate and create."

Designed to support the refreshed Strategic Plan and strategy for **Operational Alignment**.

Deploy common tools and structures to enable flexibility and efficient coordination with local solutions, also making it easier to work across the university and extend the reach of ideas and activities.

C

Connect: -Build Community -Grow Resources -All Experience Levels

C

Collaborate: -Bring Qs & As -Learn by Collective Experience -Share Lessons Learned

C

Create: -Build Better Apps -Improve Workflows -Reduce Waste

Contents

- * Builder Shares
- * Review Teams Q&A
- * Open Q&A

Introductions

- Name
- Unit
- How did you hear about this CoP?
- Who can you invite for next time?

What's New?

News!

Coming Soon - COE website will host a page for this AA KB CoP

Mar 18th: New PDF Experience!

New PDF export; get a PDF that is much closer to what the form looks like. Each page is almost equivalent to a section on the KB form [[Sample Test Result](#)]

Apr 1st: Document List Filter

Users will now access filters in the **Filter** button on the top of the Document List instead of in individual column headers.

Sharing Views / Public Views

FROM KUALI via UCSD:

“When an Administrator creates and shares a Public View (Shared View), they remain the owner of that view. Only the creator of the view can modify it in a way that impacts everyone who is using it. Any changes the creator makes will be reflected for all users who have access to that shared view.

Other users can modify the view locally for their own use (such as adjusting filters or layout), but those changes will not affect anyone else's view. If a user wants to retain their modifications, they would need to save it as a new personal view.
